

2024 Syrah West

AVA: Rocks District of Milton-Freewater AVA

Alc: 13.8%

Composition: Syrah 100%

Winemaking process:

Native yeast fermentation started in Korean terra cotta “onggi” pot pied de cuve. 85% destemmed, 15% whole cluster. Aged 10 months in neutral puncheons.

Farming practices:

Hallowed Stones Vineyard in the coveted Rocks District of Milton-Freewater. One of the most distinctive AVAs in the US with savory, umami-like characteristics derived from the cobbled stone soils and specialized farming practices. Handfarmed, handpicked.

Tasting notes:

Funky/earthy notes are joined by aromas of orange zest, peaches and a wisp of black fruit. Lght and bouncy on the palate, with elevated acidity, plush tannins and flavors of dark plums and lemon pastilles.

Harvest Date: September 27, 2024

Production: 240 cases

Release date: September 2026
